REVEILO | GRILLO | 2019 | NASHIK | INDIA

PRODUCER

The Patil Family's roots go deep into the loamy soil of Nashik and this enterprising husband wife duo have transformed 100 acres of ancestral farmland into the vineyards and boutique estate bottled winery we see today. The embracing of Italian influence is a key expression of Wine maker Andrea Valentinuzzi's art.

VITICULTURE + VINIFICATION

The Grillo vines were planted in '06 using VSP double cordon system at an altitude of 550m above sea level.

After hand harvesting at 22 brix between 3am and 9am for temperature control, the grapes were de-stemmed and crushed before being pressed up to 1 bar to extract the must while eliminating the skin and seeds.

Fermentation was in stainless steel at 12-14° and final filtration was completed at 0.45 microns with bentonite and PVPP fining. Wines are bottled without touching oak to retain purity of fruit and freshness.

TASTING NOTES

A bouquet of citrus, lemon, orange and grapefruit on the nose. A well balanced medium-bodied wine with crisp acidity and a lingering mineral finish.
